LOUIS LOSES TO FLASHY CHARLES

"THE BAD 14TH ROUND": In the 14th round of his come-back fight with "tizzy" Charles at Yankee Stadium on Wednesday night of this week Joe Louis (left) is shown with a bloody face and closed left eye. Charles won the unanimous decision at the end of the 15-round fight. (International.)

"Didn't Have It," Joe Louis Says; Through Fighting

NEW YORK — Flashy, speedy Ezzard Charles, in obliterating ex-champion Joe Louis from heavyweight honors at the Yankee Stadium Wednesday night, stepped out as the sole possessor of the world's heavyweight title to win the reluctant admiration of millions of his fellows.

Recognized as the champion in 47 states, the youthful Charles slashed, chopped, jabbed and battered "ole man Joe" through 15 rounds of savage fighting that brought the end of Louis's comeback hopes and wet-blanketed the hilarious acclaim that has followed the brilliant career of one of the fight game's most popular exponents.

The keen, bitter disappointment felt by the legions of Joe's admirers, however, is expected to yield quickly to a proper appreciation of the ebony-hair conqueror of the

Strikebreaker Found Guilty in Assault Case

A strike-breaking Sanitation Department worker who allegedly shot an unarmed striker last Friday night in front of a Westside tavern and went unarrested until Wednesday was found guilty of assault and battery with intent to kill and carrying a pistol without a license Thursday.

Eugene Burton, 19-year-old strike replacement who reportedly shot 16th street, was fined \$10 and costs on the former charge and \$100 and costs on the latter by Judge Joseph Howard in Municipal Court III.

Anderson, who worked for the city five years before the strike, claimed the young man shot him at 10th and West streets as he fired six shots at him and two other Sanitation Department strikers.

The other men were George Barnes, age 42, 604 Torbett street, and Charles Jones, age 42, 717 N. West street. Barnes was employed by the city 27 years and Jones 10 years.

The strikers said they were standing in front of the tavern when Burton came out. One of the men asked the youth if he still worked for the city, according to their reports.

Without any words the youth allegedly brandished his revolver and asked, "Yes, what are you going to do about it?" and opened fire. One bullet struck Anderson in the side and the others shattered windows of nearby business places.

Youth Shot in Head With Rifle In Near-Eastside Street Row

A near-eastside youth, one of eight white youths who "jumped" and tried to "beat up" two young Negro men last Sunday night at 16th street and College avenue, was still unconscious in General Hospital Thursday, suffering a bullet wound in his head.

The youth, Paul Hubert Sprague, age 19, 1726 Carrollton avenue, was allegedly shot by one of the men he and his "gang" tried to beat up, it is reported.

Unconscious from a .22 caliber rifle bullet sent through his brain, the youth wasn't expected to live through last Sunday night, according to doctors at the hospital. "It's miraculous," one doctor reportedly stated in connection with the youth's survival.

While the doctors try to save the youth, police continue an all-out search for the man who shot him and the man's partner.

However, one police officer agreed that the wounded youth and his "gang" brought the shooting on. He also said that their attack upon the couple was unwarranted.

The attack and shooting nearly caused serious trouble as two of the "gang" went out looking for "any Negro" they could find after taking their wounded friend to the hospital.

The two searchers found an elderly man near 16th and Bellefontaine.

Body of City Worker Found In R. R. Box Car

Theories that a strike-breaking sanitation Department worker whose decomposed body was found in a box car in Middletown, O., met death at the hands of angry strikers were disproven Wednesday as an Ohio coroner attributed the man's death to suffocation.

Dr. Garret J. Boone, Butler County Coroner (Hamilton, O.), reported that Raymond Franklin, age 40, 527 Leon street, found dead in the little Ohio town Tuesday, died of suffocation and stated that he found no evidence of foul play.

When first reports of the finding of the man's body reached local police headquarters and the immediate investigation was well underway, first spoken opinions were that the eastside strike replacement had been killed by strikers and "thrown" into the boxcar.

However, Dr. Boone broke up these theories when he performed an autopsy. He said the man had

YORK PA. (ANP)—Mrs. Kay Gilbert, mother of two children and expecting a third, in a petition to President Truman this week, pleaded with the chief executive to save the life of her husband, an army officer sentenced to die in Korea.

Quoting a desperate letter from her husband, 1st Lt. Leon A. Gilbert, 32, the wife told the President that a court-martial sentenced him to death for refusing to obey an order that "would have led me and 12 other men to certain death." The nature of the order was not revealed.

Sympathetic officials have come to the wife's aid. Rep. Lind (D., Pa.) has taken her husband's story to the White House and the Pentagon. She has hired a lawyer, and her friends have retained another one.

In Washington, Brig. Gen. Charles Maylan has been assigned the task of investigating the case. Maj. Gen. E. M. Brown, judge advocate general of the army (the army's legal arm), has sent to Korea for records of the trial.

Mrs. Gilbert has been back in the United States slightly more than a week. She had lived with her husband in Japan until the Korean fracas began. In presenting her case, Mrs. Gilbert quoted two letters from her husband.

The first, dated Aug. 5, said in part:

"I am now under arrest for not carrying out an order which would have led me and 12 other men to certain death."

"I am in the most serious trouble that a man in Korea or any place for that matter can be in."

"If it would not have been for you and the children I would have gone willingly."

"I was wondering how you would do without me and how you would support the kids and knowing you are with child, the situation became out of control and I made the decision that may cost me my freedom for years."

In a letter dated Sept. 6, he told his wife that he had been sentenced to death.

Tavern Patrons in Row; One Stabbed Fatally

The mysterious knife slaying of a westside man last Saturday, close for two days was solved Monday afternoon as a 19-year-old youth sobbed out a confession of guilt at police headquarters.

Charles B. Kennedy, 22 Blake street told Detective Sergeants Fred Whisler and Lee Hindman that he stabbed James Leonard Barnett, age 32 last Saturday night following an argument in front of Mom's Tavern, in the 300-block in Blake street.

The youth said Barnett pulled a knife and cut at him during a fracas which started when Barnett called him a "damned liar." The men were arguing over "change" from the purchase of a pint of wine.

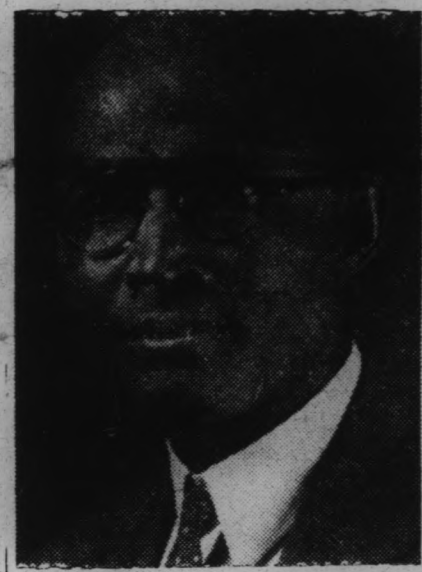

Kennedy said he drank three bottles of beer in Mom's earlier in the evening and left. He met Barnett outside the tavern when he returned later.

Barnett and Kennedy "chipped in" to get a drink after the latter told the other he didn't have anything to drink but was willing to buy something, according to Kennedy. Barnett allegedly put in a quarter.

When Kennedy returned with the wine Barnett is supposed to have demanded his change, claiming he gave the youth more than a quarter, Kennedy told police.

And when Kennedy told him he didn't have any change coming, Barnett reportedly shoved him and pulled his knife. He cut at

BARRINGTON HEIGHTS HOMES
ANNOUNCE OPENING ON NOV. 1

Delayed on account of recent rainy weather and the delay in the arrival of materials, the construction program of Barrington Heights Homes is moving forward rapidly. The management reported early this week. Completion date has been announced or scheduled for November 1, by the superintendent of construction.

After completion of the construction program grading, sodding and planting of shrubbery on Barrington avenue are scheduled to be completed also on the above noted date. Two pay telephone stations will be installed to offset the delay (unavoidable) of the Bell Telephone Company in supplying telephone service for Barrington Heights Homes project.

The manager, J. Frank Hanley, well known local young business man noted this week that local citizens throughout the city will be invited to inspect the finest rental project in the state of Indiana, next week.

Further, Mr. Hanley observed that every day is moving day as tenants of Barrington Heights are filling the housing units as rapidly as these are completed. Fifty-three families have moved in and are now enjoying and lauding the facilities of Barrington Heights, Mr. Hanley asserted.

Persons interested in obtaining a modern dwelling unit should contact the office at once, by calling Idlewild 3716, or come to 1607 S. Keystone avenue to see the model unit display. Mr. Hanley finally observed that rumors regarding Barrington Heights Homes developments can best be corrected by coming and seeing the project or calling the office.

Local Republican Campaign Opened With Pep Meeting

The fall Republican campaign season was formally opened by party followers at a "Kick Off" meeting at Masonic Hall, 351 Indiana avenue last Saturday night.

"We have the ball, let's carry it straight down the line for a political touchdown," declared William Fortune, GOP candidate for state treasurer and one of the candidate speakers at the pep session.

Rufus C. Kuykendall, co-chairman of the Marion County Citizens Advisory Committee of the 31 Club sponsoring the get-together, unleashed a blistering attack upon Democratic shortcomings from President Truman on down.

"They have paid no attention to the ambitions and aspirations of our people except to make insincere and unfulfilled promises," the prominent attorney asserted in a burst of transcending eloquence.

"Now is the time for us to do something to help ourselves. Let's go to work. Carry out constructive message to our neighbors and convince them that the critical national and international situation demands replacement of Democratic blundering by sound policies of Republicanism."

Charles (Buck) Brownson, GOP candidate for Andy Jacob's 11th District seat in Congress urged a concentrated attack upon the Administration policies that are leading to inflation.

"Sure, you may have more dollars as the Democrats so blithely promise, but these dollars will not be worth the trouble of carrying them around, unless we are careful, which the Democrats are not. We Republicans, if elected to office, will make sure the nation avoids the blight of another terrible depression," Mr. Brownson asserted.

Other speakers included Dan White, Probate Court judge. Golden Silver, Robert Lee Brokenburr, Charles Brown, balliff, Criminal Court No. 2 who urged election of Judge Saul I. Rabb; and Jack Ennis, Marion County Republican chairman.

The several hundred persons applauded the crowning of Mrs. Margaret Roland as "Miss 31 Club Queen." Mrs. Jessie Williams won second honors. A number of cash door prizes were distributed.

WHAT'S THE REAL PRICE TAG ON

SOCIALIZED MEDICINE?

Is it really 'free'... something for nothing? Or will it cost you more than you're paying now?

If Socialized Medicine comes in, going to the doctor as you know it will be a thing of the past. The government pays for every call, every patient, every pill.

But, as a taxpayer, you foot the bill.

For example, if the payroll tax is 4 per cent, a truck driver making \$3,000 contributes \$120—over and above his already staggering tax burden. If it is 10 per cent, which is more likely, it means an extra deduction of \$300 from his pay.

And all you get for the money is second-rate medical care—cheap medical care palmed off at a high price.

Our Nation's health is at an all-time high under the present system. Let's keep it that way.

Let those who represent you in Washington know you are against government control of medical services.

Remember, it's your health... and your money.

.. Social Scene ..

By RICHARD C. HENDERSON

A sure sign of a coming social season — people begin moving back indoors for those delightful informal evenings a town such as Indianapolis must substitute for the more lavish, sophisticated "ordinary" entertainments in our country's major cities.

Such an evening was enjoyed on Wednesday night of last week by friends of Dr. and Mrs. E. P. THOMAS, when he entertained with a surprise birthday party in her honor in the Omega frat house. . . . As games progressed, conducted by Mrs. HARRY PETTRIE, tables, food, etc., were being put up for a surprise buffet dinner. . . . Bridge and canasta were played during the evening.

Guests included Drs. and Mesdames J. L. SIMMS, S. D. MERIWETHER, and F. H. EVANS, Messrs. and Mesdames CARL HUGHES, NATHANIEL SCOTT, EARL VANHORN, CHARLES GOODMAN, ALONZO DANIELS, BERTRAM GARDNER, HARRY PETTRIE, GRANT HAWKINS, SHERMAN POLLEY, SPURLING CLARK, and HERBERT HUGHES, Mesdames EDWINA HARRIS, CARY JACOBS, WALETTER SHOBE, L. B. PHILLIPS, OSCAR REEDER, and EDGAR FAULKNER and Messrs. LEE J. MARTIN and JOHN SPEARS.

Miss GLADYS BECKWITH entertained with a barbecue party honoring Mrs. JOYCE BAGLEY in the home of Mrs. HELEN DAVIS on Monday of this week. . . . Mrs. Bagley and daughter, JANE, are leaving this week to establish permanent residence in Detroit.

Among guests were Rev. and Mrs. R. H. PEOPLES, Messrs. and Mesdames A. W. RAMSEY, S. JASON RAMSEY, and CHESTER SMITH, Mesdames ANNA ANDERSON and FRANCES LOGAN, and the Misses CLAIRE TERRY, HELEN SHELTON, and RUTH PHILLIPS.

Mrs. LENYER RANKIN was hostess to the opening meeting of the Women's Service club of Second Christian Church last Tuesday in her home. . . . The women were pleasantly surprised to hear an unusually interesting talk by Dr. BENJAMIN A. OSBORNE on his recent trip to South America and the West Indies. . . . Also special guests were Mesdames B. A. OSBORNE, MARGARET CASTLEMAN, and MILDRED ORRIS and Rev. R. H. PEOPLES.

Indianapolis was well represented at the recent bout of Phi Gamma Delta sorority, held in Pasadena, Calif., considered by the sorority its most successful in five years. . . . Soror MARY HALL, Detroit, formerly of this city, was re-elected supreme basileus for a second term.

Gamma chapter is launching a membership campaign and plan for an interesting year are under way, with Mrs. MARJORIE KEYES as basileus.

F. A. C. Tour Summarized In Article by Fannie Hyde

By FANNIE HYDE

The seventh annual FAC tour began on July 29 and ended on August 27, having traversed sixteen states in this country and one British province in Canada. As we traveled, the wonders of God's handiwork struck us speechless with awe, when we gazed upon lofty blue mountains capped with white snow or mighty waterfalls hundreds of feet high, or massive redwood trees so tall that their tops could hardly be seen from a bus window.

The colors in these western landscapes were far more vivid than artists have ever portrayed.

Along the Pacific, even as far north as British Vancouver, the climate was milder and the flowers grew taller and more luxuriant than ever I dreamed. There were flowers and trees there that Indiana's cold winters would never permit.

The vast plains and other geographic features of our country took on a new meaning and became alive to the tourists.

The mighty Grand Coulee dam, the Lake Washington Platoon bridge, the suspension bridges in Vancouver and San Francisco, added to the wonders of this region. But the most impressive dam of all to me was the Bonville dam on the Columbia river, where the fish ladders carried the salmon upstream to spawn.

It was wonderful to watch the fish leap the rapids even at this season, when there are not many salmon in the stream because the spawning period has passed. In spite of this fact, there were still one large fish there, many as much as thirty inches long.

The fine hotels accepted us graciously and extended us every courtesy all along our way out West. We stopped at the Lorraine in Madison, Wis.; the Lowry in St. Paul, Minn.; and the Davenport in Spokane, Wash. There aren't any better hotels than these anywhere.

Of course, in Vancouver there was no racial distinction whatever, and at the hotels our accommodations couldn't have been better.

In San Francisco some of us attended the Fellowship Church of which Dr. Howard Thurman, former professor at Howard university, is pastor. The church includes in its congregation a mixed group of Negroes, whites, West Indians, Japanese, and Chinese. All the people work so smoothly, quietly, and reverently together in the services that it seems like heaven itself.

An outstanding incident in racial relations occurred at the Shrine of Our Sorrowful Mother in Portland, Ore. The place has an outdoor chapel surrounded by tall Douglas fir and a pipe organ on one side, with a rock cliff twelve stories high on the other. Out of the cliff was hewn the altar and the figures one finds on the altar of a Roman Catholic church. Seats for silent meditation, company visitors up the twelve stories to the outdoor chapel.

Beyond is an elevator which carries to the upper level. When we arrived at the top, there was a group of southern whites waiting to be priest through. Fr. Wheeler, the priest guide, noting discrimination to join our group, politely invited them to join the group or go without a guide through the upper level. They went unguided.

At New Castle, Colo., the mayor opened his restaurant which usually closed on Wednesday nights especially for us and helped serve us a wonderful chicken dinner followed by watermelon. There the waitress was kind enough to give us her salad recipe.

In Hannibal, Mo., even, things were swell! We stopped in modern homes, visited the museum, and saw the home of Mark Twain. A few of us saw the caves a short distance from the city.

The outstanding features of the trip are so numerous I can't mention them all. Among them are the redwoods, the monkey tree — a pine from Brazil, S. A., which the money will not climb — the trees of mystery, and the rest of God's handiwork.

I know all of us feel as I do — grateful to Starling W. James, FAC president, for planning such a wonderful group; he has given us more than we could ever have been able to obtain otherwise. I had never dreamed I would ever see what I have seen on this trip.

Voice of the Eastside

By MARY P. MCGUIRE

As I write this week's column, my heart is heavy, for two very dear friends have passed away. Martin Dulin, a 91-year-old carpenter, died in Evansville on September 16. He was the father of Van Dulin of this city.

Or, Wednesday morning of last week, Mrs. Julia Dulin, her sister, Mrs. Tillie Denson, and I joined the family for the funeral service, held in the Boatright funeral home there.

Survivors are spread out over five generations, including the widow, Mrs. Ida Dulin; two other sons, Fernando H. Smith and Elmer Dulin; two daughters, Mesdames Nora Drane and Roda Hart; several grandchildren, 34 great-grandchildren, and two great-great-grandchildren.

I was very much surprised when I walked into the funeral home to see an old friend who had worked with me at the Jacobs Brothers funeral home here now in business for himself.

Things looked pretty prosperous for the boy, too. He has some place!

Another sad event was the passing of Rev. A. J. Strong, a barber and associate minister of Emmanuel Baptist Church. A very fine Christian gentleman, he was active in civic and religious work. Funeral services were announced for Friday noon of this week. The community mourns with the widow, relatives, and many friends.

Coming in with the autumn breeze is Mrs. Ozell Crump, niece of Mrs. Nell Dunlop, 2378 North Rural street. Mrs. Crump reports a nice trip, vacationing in Washington, D. C. and New York.

Mrs. Margaret Snow, 925 East 17th street, has also returned after visiting her mother in Owensboro, Ky. and friends in Drakesboro, Ky. and Nashville.

Getting a peep into Rev. David E. Mitcham's date book, I noted that he will speak on October 7 for the State Bar Association in Michigan, and on the 8th he will appear at Fort Custer, Albion, Mich. Rev. Mitcham says, "Why mention it? Everybody knows old David!"

Mrs. Patrick Taylor, 3121 North Arsenal avenue, will be hostess to the East End Culture club next Wednesday. Don't forget the big anniversary breakfast on October 25 in the home of Mrs. Lettie Skaggs, 1638 Marindale avenue. All are invited to attend this affair.

Mrs. Blanche Martin, 2256 Sheldon street, has breezed in from a fine vacation in New York City.

While in Evansville, I met Rev. and Mrs. Charles G. Brown, relatives of Dr. and Mrs. Emmett I. Brown Sr. of this city. They sent greetings. I was surprised to find a cousin, Mrs. Minnie Broady, sick in bed. Mrs. Broady is the sister of Mrs. Louise McGuire, 2133 Marindale avenue.

Miss Rosa Gay, Chicago, a very interesting and attractive dramatic interpreter, will appear at New Bethel Baptist Church on Friday night of this week at 8. She is considered one of the best. The BTU, of which Mrs. Bertie Swiney is leader, invites their friends to come early and get a good seat. You will long remember her as an artist.

After a month's vacation, the Eastside Better Business and Civic League will resume activities Monday night in the home of Mrs. Neal Jackson, 1644 North Arsenal avenue. The president, your old scribe, is asking all new and old members to be present with a big smile, ready for work. I'll be looking for you at 7:45. Bring a friend.

It is reported that Mr. and Mrs. Owen Miller, 1711 Yandes street, and Mr. and Mrs. L. Lewis, 1924 Cornell avenue, spent their vacation in Los Angeles and Mexico, spending two weeks in Mexico.

Mrs. E. Williams, sister of Margaret and John Milton, has also returned from California.

Well, Dr. J. O. Clark, Warren Elzy, and Arnold Gee filled their cars with visitors going to Clarksburg, Tenn. last Sunday after the bus was filled. Dr. Clark regrets many were unable to go because of the overloaded bus. Mr. and Mrs. Verne Overton and Robert Buck went in the pastor's car.

Miss Beatrice Hatcher, a real pinch-hitter as organist, played for the women's chorus, which rendered the music. Readers, you know I told you last week just what to do, but you thought I was kidding. When Mr. and Mrs. Nathan Watson got on the bus, you know that settled it. Rev. J. T. Highbaugh filled the pulpit in the morning and night in Dr. Clark's absence.

REV. W. P. WRIGHT VISITS IN CITY

Rev. W. P. Wright, Dothan, Ala. was week-end guest of Mr. and Mrs. Amuel Weeks, 2310 Indiana polis ave., en route to his home after enjoying a month of deep sea fishing in California. His itinerary also included stops in various other cities between California and here, including Salt Lake City and Chicago.

Rev. Wright, a well-known figure in religious, civic, and educational circles is a teacher of theology at the S. E. A. high school in Dothan. Formerly an executive with the Peoples Insurance Company, he was affiliated with the Farrel funeral home.

His children have also attained positions of prominence. A son, Dr. Chas. Wright, is an outstanding Detroit physician, now studying in New York, while another son, Robert Wright, a fiction writer, is working on his Ph. D. at Wayne university, Detroit. His daughter, the former Miss Willie Pearl Wright, is a kindergarten teacher in New Jersey.

Nelson Alvarez Returns To D. W. I.

Nelson Alvarez, recent graduate of Crispus Attucks high school, left on Monday of this week for the Dutch West Indies. Mr. Alvarez is catching a Royal Air set, was born in the Dominican Republic.

He left by train for New York where he is catching a Royal Dutch Airlines for Miami. From there he will be transferred to another Dutch airliner, which will take him directly to the Dutch West Indies.

Just For Women

By ELIZABETH RHEA

Those lovely aromas coming from the kitchen these days mean that Mother is canning. The smell of green tomato felish, the delightful scents of pickling vinegars, the robust odors of chutneys, piccolli, and apple butter come only in harvest time.

This is the time of the year, to round up the late vegetables which cannot be stored and get them into jars. Apples, pears, melons, grapes, tomatoes, and cranberries can be used for jellies, cider, butter, or chutneys.

There was a time when this procedure took a great deal of time in a very hot kitchen and made many women decide that the food was not worth the effort spent over that hot stove, but modern methods have made that attitude a thing of the past, and food is so expensive that back to the kitchen we go to try it again in an effort to balance the budget for food.

There is a deep week's column, my heart is heavy, for home-canned fruits and vegetables, jars of jams, jellies, and pickles, and line-up of canned chicken, meats, baked beans, soups, and sometimes, fish.

If you'd like to have some food canned and don't have the time, the Flanner House Canning can give you a big lift at a nominal price. If you supply the food, Flanner House can supply the labor, the jars, and a good job. Included in the bill will be one dollar for the labor and four cents a jar for maintenance. The jars are only thirty cents a dozen for the quart, and the others cost accordingly. Bring your own sugar.

If you are interested, call the Flanner House Canning, and John Dempsey, supervisor, or Mrs. Gertrude Head, receptionist, will help you. The staff does a beautiful job of canning, and it is certainly reasonable enough. The canning is modern and has all facilities of good results.

Canning is economical and people suffering from certain kinds of illnesses, it is the only way they can have a balanced meal on a very slim budget. Diabetics eat food that is canned in water and free of sugar. Many of them say that scientifically prepared food at the green's is too expensive, and canning is the answer.

For those who have their own gardens, canning is the sensible thing, and it is also the answer for those housewives who want to know how to stretch a dollar, especially when there are quite a few young mouths to feed.

Complete information on canning can be obtained from the United States Department of Agriculture in Washington, D. C. for the asking. Many women's magazines carry articles on preparation of food for canning and the deep freezer, which is the latest food preservation innovation for the housewife.

One periodical has an article about a housewife who had three young children who were always underfoot, so one day during the canning season she put them to work doing simple tasks, and found them so helpful in sorting, weighing, and timing, that she now has three partners.

She also does not have to force them to eat food any more, because the same food they once hated they now eat, since they helped to prepare it with pride. They can point to it with pride.

So many things can be canned held on Oct. 7. Mrs. Edna Watson is president, and Mrs. Sybil Brown is reporter.

James W. Smiths Entertain Club

Mr. and Mrs. James W. Smith, 3946 Cornelia ave., entertained the J. S. W. club last Saturday evening, with Mrs. Mattie Nola Chattanooga, as guest of honor. Also guests were her sister, Mrs. Marie Rollins, and Clarence Samsbury.

Smith, secretary; Mrs. Ezra Jarrett, assistant secretary; Ezra Jarrett, treasurer; Mrs. William White, chairman of the entertainment committee; Willie Sander, sergeant-at-arms; and Mrs. James W. Smith, reporter.

Mr. and Mrs. Sander, 339 North western ave., will entertain the club at its next meeting.

Don't miss this treat.

The travelogue last Sunday was given to a full house and was very well received. The dinner preceding the travelogue was very tasty. Served buffet style, it was enjoyed by several guests, including mothers, husbands, and a friend or two of the tourists. Among the latter were James Richardson and your reporter.

Mrs. Emma McKnight is sending out an appeal to readers of this column for paper for the health and welfare committee's October 14th paper sale. Paper and magazines will be picked up if you will call WA. 0058 and leave the address.

Construction on the new building is temporarily held up as delivery of the necessary steel has not been completed. Work is expected to be resumed in a few days.

A WORD FROM JONES TABERNACLE
Why Is It For?
The Church is a witness bearing institution for Christ; to keep Him before the minds of men. Christ, Himself is the transforming power in the lives of men, and the Church is His medium of contact. Therefore, the Church exists for one purpose only—to hold Christ before the people.

The Church originated in the wisdom of Christ, not man. Christ gave us the Church and Christ gave us Sunday. The Church exists to propagate the influence of Christ. Sunday exists to help the Church unite. Are we as Christians using the Church and Sunday for that high and holy purpose? Or, have we, as Christians, backslidden into indifference, to the extent that it doesn't make any difference with many of us if the Church isn't open at all on Sunday? Attend some Church every Sunday.

Green Balch and John Mott, co-winners of the 1946 prize.

Preceding Dr. Bunche as American winners were:

President Theodore Roosevelt; Elihu Root, Woodrow Wilson, Charles G. Dawes, Frank B. Kellogg, Dr. Nicholas Murray Butler, Jane Addams, Cordell Hull, John R. Mott and Emily G. Balch.

Among the persons considered for the 1950 award were President Harry S. Truman, Winston Churchill, Gen. George C. Marshall, Prime Minister Jawaharlal Nehru of India, Count Richard Coudenhove-Kalergi, founder of the Pan-European Movement, and Dr. Herbert Evatt, Australian statesman. They were among 28 organizations and individuals considered for the honor won by Dr. Bunche.

and supreme anti-basileus in the national Alpha Kappa Alpha sorority.

While in Indiana, she also made Pleiades Honorary Society for junior and senior women and served as president of the Elms Hall housing unit.

Miss Guess is the daughter of Mrs. Nell Guess, Madison, Ind.

years ago.

A special committee of the Norwegian Parliament, the Storting, makes the peace award. This group, which keeps its work very secret, selected Dr. Bunche for its fiftieth anniversary prize.

the state owned and operated by Negro people.

A retired social worker, Mrs. Reeves had been active in Democratic politics and worked 12 years in the office of Miss Hannah Noone, Center Township Trustee (Marion County, Indianapolis).

Mrs. Reeves was one of the organizers and for many years the vice president of The Indianapolis Recorder Christmas Cheer Fund. She was a member of the Allen Chapel A.M.E. church and well known as a contributor to civic, religious and charitable activities.

Survivors include her husband, James H. Reeves of the local home address and a Shelbyville business man; a step-son, James H. Reeves Jr., Shelbyville and an aunt, Mrs. Adell Lynch of this city.

MRS. PRISCILLA BAXTER

Funeral services for Mrs. Priscilla Baxter, age 73, 1336 Bellefontaine street were held in the Stuart Mortuary Wed., Sept. 27. The burial was in Crown Hill cemetery. the eating establishment almost two years, told the prospective customers the manager was out of town when they demanded to see him, the group testified.

The three civic-minded people left without being served. Gassway told the court that he did not actually deny the group service because "we do serve Negroes." However, he added, "I just wouldn't serve them."

"No sir," was Alfred P. Stachler's answer to Judge Clark's question "Do you discriminate?" Stachler, 1818 S. Kappes street, owns the Grill.

Negro Trade Served

"Five percent of our trade is Negro," the owner stated. "We serve Negroes every day," he boasted.

"No, not at the counter," he came down when the Judge persistently demanded to know whether or not Negroes were served and allowed to eat in the place.

Stachler went on to say that most of the Negroes who bought food there worked near there and were "dirty" and "asked" to take the food out. He even allowed "colored boys" to take plates away with them, Stachler said. However, this is done through the back door.

Several regular customers of the Grill testified for the defense and stated they frequently saw Negroes receiving carryout service there. One man, Carl Wilson, 4923 Rockville road, said he sees Negroes eat there, at the counter. He said he eats there every day.

"There's no question of Gassway's guilt," Judge Clark

Progressives

"many of the signatures appeared to be forgeries."

On filing the suit, Eddy said his action was taken "to determine whether or not the right of the citizens of Indiana to express themselves through the ballot box shall be arbitrarily denied them."

"We are prepared to prove that the petitions for nomination of our candidates were properly and legally secured," he asserted. "This outrageous denial by the election board of our place on the ballot is just one more effort to stifle the voices of those who are demanding peace, respect for civil rights and genuine Americanism based on the Constitution."

To Subpena Signers
Meanwhile, Prosecutor George S. Dailey on Tuesday received approval of the Marion County Grand Jury to subpoena and take sworn statements from persons who

said. However, he said that he believed the counterman was acting on "orders from the boss."

He said the restaurant will "have to serve Negroes, whether the management likes it or not."

Defense Condone Violation
By serving Negroes even carryout orders Stachler's Grill "comes as near to complying with the state's civil rights law as any place in the county," Robert L. Carrio, attorney for Stachler told the court. The defense attorney, who incidentally is a member of Marion County's staff of legal minds, was apparently implying that Stachler's should not be held to the law.

However, Judge Clark said he "is going to see that something is done" about Stachler. He said he can hardly fine an agent for something the agent is instructed to do by his employer.

The Indianapolis Recorder, Sept. 30, 1950—7

signed the petitions. Dailey introduced a report of police who have been checking the signatures for several weeks. The prosecutor charged that notaries "positively" violated a felony statute by affixing their seals to signatures not signed in their presence.

In addition, he declared that many of the signatures appear to be forgeries and that many persons who signed the petitions did so in the belief they were registering to vote.

Progressive spokesmen denied all the charges and said a "gross attempt at intimidation of signers" was under way.

Mark Cross

Funeral services for Mark Cross, age 57, 1026 S. Capitol avenue World War I veteran were held at the Stuart Mortuary Sat., Sept. 23. The burial was in New Crown cemetery. He died in the Cold Springs Road Veterans Hospital Wed., Sept. 20.

He was a native of Villa Ridge, Ill., and had lived here most of his life.

Survivors include his mother, Mrs. Belle Cross and four sisters, Mrs. Grace Madison, St. Louis; Mrs. Alice Stavton, Carbondale, Ill., and Mrs. Rosie Beck and Mrs. Marie Jordan of this city.

I sit and dole out sentences
That some folks do not like
But one good sentence I can give
Is "Life with Lucky Strike!"

In riflery it's black.
But best of all's the red bull's-eye

Teen Talk

By THE SNOOPER

The Walker Casino was on the fall last Saturday night, with everybody having himself a whole lot of fun. . . . Sa fellows, pick up on this: Raymond Twyman, one of the Counts of Naptown, let a little girl by the name of Wilma Stephens slap him all over the dance hall. Now, ain't he a real lemon, letting a babe do him in?

Donald Cook is really supposed to be falling for Lenora Kendricks, so undoubtedly that leaves Roberta Baker out of the picture. . . . Melvin Fox, who is supposed to be one of the great studs around town, caught himself talking stuff t Maxine Bell. Now, ain't that being awfully bold? . . . Betty Harris and Leo "The Lion" Burrell were just feeding each other so much bull that neither one could understand what was what.

I see Harold Harvey has some great big eyes for Valeria Thomas, but what is to become of Delores Edmonds, his true flame? Are you going to put her down, Harold, or just what is going to happen? . . . Frank White is really crazy about Salena Carroll, but claims Joyce Babley is his spare chick. Now, Frank, you know they are very good friends so you will have to play your game somewhere else from town.

Milton "Jumpy" Hunt was so afflicted with the kiss he got from Bertha White that he was walking on a cloud afterwards. . . . Charles Parker has been making quite a few trips out in Warren Township. Could Sylvia Bryant be the reason, I wonder? . . . Cantrell Mitz, who is so tough, got

rather soft when Lou Ethel Hall, the bear of our times, was a terrible slob with him in front of his friends. And I thought you didn't like bears, Carl?

There seems to be quite a fuss over whom Joan Webster is going to choose for her boy friend, but I heard from a feminine point of view that it is going to be Les Walter Haywood. . . . Ken Ed Wright was seen playing the cool role with Isabelle Rose. What will Eunice Turner think?

Nathaniel Parsons and Marian Webster had a regular kissing bee in the southwest corner of the Casino, but I'm afraid Nathaniel won by a nose. Keep your eye on that corner from now on. . . . Now here is a problem: It seems that Robert "Mike" Morgan is all alone, but Audrey Haskins and Vivian Meyers seem to be wanting him at the same time. What a situation!

Sororina Perry and Paul "Shorpy" Rose are getting along okay without help from any one. Let's of them continue that way. . . .

I hear Bobby Payne has eyes for Rita Forehand. What about it, deal, kids? Let me in on it, too, so I can tell my readers the whole truth and nothing but the truth. . . .

Sunday night was rather fair and the Snooper, Donald Kyser and Rosalee Sanders were in some kind of puzzle, and no one could get loose. Now, ain't that tough!

Charles Gorman and Dorothy Harris were having the time of their poor little helpless lives playing with each other so happily.

together. . . . Albert Edmondson and Canvas Gardness are sitting it off fairly well. It looks as if that's the way it's going to be.

Say, June Rutland, are you too bad for someone to see? If so, on't ever come out of the house. And Dorothy Rutland, are you too late to talk to anyone? If so, then you stay out of public. And you know what I am talking about, so don't play dumb! Now Dorothy Jones is a real nice girl because she likes to have fun and she has done herself some brightening. Stay a happy chick, will you, Dot?

Clarence Taylor and Joan Sutton are still getting along okay. At least, that's the way it seemed when I saw them last. They were having much fun together. . . . Say, Bobby Jones, I didn't get answer for your ad in the paper or a girl friend, so I guess no one wants you. Such luck!

While standing on the Walker corner, I spotted something you've seldom seen — a girl waiting for a boy. Here's the way it went: Barbara Bracken was standing there, telling me she was waiting for a girl, but when Central Holman walked up on the opposite corner, Barbara almost got hurt trying to get over there to walk with him. Gosh!

FLASH!!! Skinnily Alexander is resigning from "Teen Talk", so all of you fellows he messed up won't have to worry about him any more, but be careful of the new Snooper, who is out for excitement.

taine streets and beat him up, according to police. Another man went to the elderly man's aid and was arrested along with the two attackers for disorderly conduct.

The whole thing started in front of Loy's Sandwich Shop, 1802 College avenue, detectives said.

The "gang" was coming out of the hamburger establishment as the two men walked past, east of 16th street.

A member of the gang intentionally "bumped into" one of the men, police say, and started an argument.

"Names" were called from both sides and the other seven youths got into it. Fists started flying but before the larger group could get the two men down and beat them badly they broke away and ran, according to police.

The "gang" chased them but were unable to catch them. They went back to the corner of 16th and College.

The men who had run came back shortly, brandishing a rifle. They cornered the "gang" in an alley beside 417 East 16th street and opened fire. Two shots were fired and Sprague fell to the ground and the other young men scattered.

Then the Negro men, unknown to any members of the "gang," disappeared into the night. The "gang" members were crouched behind cars, stiff behind posts and were unable to see even the direction of travel of the two men. Detective Sergeants Spurgeon Davenport and James Rogers are assigned to the case.

the youth but missed, according to the young man's statement. As he missed the younger man grabbed his arm and pulled his own knife and stabbed him.

When asked how many times he had stabbed the man, Kennedy said he didn't know.

The fatally wounded man was found unconscious, lying in the door of Mom's tavern. He had been stabbed once over the heart and another time in the stomach.

Police found out nothing about the killing at the time the body was sent to the hospital, and went clueless until the youth gave himself up.

Stayed With Girl Friend
Kennedy told arresting officers, who found him at his home shortly after noon Monday, that he had fled from the scene of his crime and gone to another tavern following the slaying. He caught a cab there and went out on the Eastside to his "girl friend's" house.

He said he remained there until Monday when he heard a radio newscast which mentioned that the

killer of Barnett was being hunted, request. The youth called his mother who Barnett's body was shipped to went to the place where he was Kentucky for services and burial staying. She called police at his this week.

HADACOL One of the Greatest Blessings of the Times!

Just a Few of Thousands Upon Thousands of Interesting Records of Folks With Such Deficiencies Who Have Been Helped

Mrs. C. C. Keller, 1629 1/2 Frederick Avenue, St. Joseph, Missouri, says HADACOL really has put a stop to her neuritis pains. She was in a very bad condition with aches and pains and unable to sleep and was forced to give up her position as a practical nurse. She had severe pains in wrists and stiffness in her hips, being almost unable to walk. Now after taking one bottle of HADACOL, she is able to do her own housework. She most enthusiastically recommends HADACOL to all sufferers from neuritis pains.

Floyd Mabe, 1401A South 7th Street, St. Louis, Missouri: "For some time after a wartime injury I had been troubled with neuritis pains in my legs and could not work. Nothing seemed to help me until I tried HADACOL. After taking a half bottle, I seemed to feel better. My wife told me it was only my imagination, but I continued to take HADACOL and up to the present have taken 13 bottles. Now I feel fine with no more pains in my legs." (HADACOL is so effective because it relieves the REAL CAUSE of neuritis aches when due to such deficiencies. Why don't you give HADACOL a chance to help you?)

Link Robinson (a steel worker for over 20 years), 519 Lindsey, Newport, Kentucky: "When your stomach is in bad shape as mine, couldn't eat, gas pains, stomach bloating and nervousness, then your body doesn't get the proper foods it needs. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat anything I want to. Best of all I haven't got those terrific gas pains and stomach bloating."

Mrs. John Geary, 840 Ursuline Street, New Orleans, Louisiana: "I had such a nervous stomach I was unable to eat regularly. Lots of times I was unable to hold any food on my stomach. Then I heard about HADACOL. After the first few bottles I could tell a definite improvement. Now my stomach doesn't trouble me at all. I eat anything I want. HADACOL is wonderful. You can see that, if it did so much for me after suffering so. A big improvement is often noticed within a few days' time. One of the many advantages of HADACOL is that continued use helps prevent such stomach distress from returning. Don't continue to suffer. Start taking HADACOL today!"

Mrs. L. Crifasi, 327 N. 14th Street, Springfield, Illinois: "I am elated with the wonderful results obtained by taking HADACOL. I had emotional indigestion, which is stomach distress and makes a person feel down and out. HADACOL seemed to be prepared for my ailment, for it made a new woman of me."

W. E. Hoxworth, a skilled maintenance man in Wing, Texas: "I almost had to give up my job because of suffering from stomach distress. I couldn't hold my food, as no food agreed with me. After hearing about HADACOL and completing a second bottle, I began to feel better and regain the weight I lost, and suffered no more indigestion. I now take HADACOL regularly to help stay well." (Why don't you try HADACOL?)

Mrs. J. Scieszinski, 514 Kruger, Ottumwa, Iowa: "My daughter, Marilyn Sue, is five years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results. She has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take her HADACOL, too." (Kids sure do like HADACOL.)

CAMPUS HOUSING AT OKLA. U. OPENED TO NEGRO STUDENTS

NORMAN, Okla. (ANP)—Segregation on campus of the University of Oklahoma is virtually a dead issue for the time being. It has been eliminated because of a U.S. Supreme Court decision and because of white students, themselves.

The high court decision came in the McLaurin Case in which the school's first Negro student complained of the Jim Crow setup he was forced to undergo.

To answer this, President George L. Gross of the university, opened campus housing to Negroes, and also discarded the separate sections of the library, classes, and student cafeteria. He said:

"We're treating Negroes just like all other students in keeping with the Supreme Court ruling. From now on we're not going to try to distinguish Negroes from whites in any way."

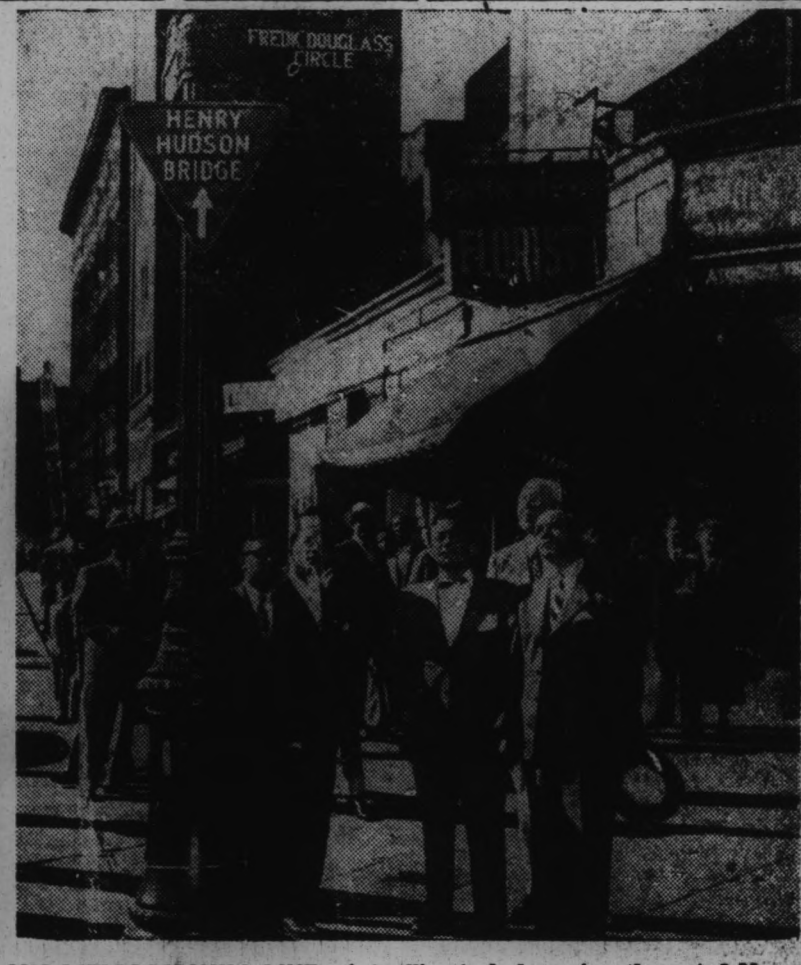

"If you publicize an honor student or poor student, for example, just because he's a Negro that's a mark of segregation."

Actually, his orders were not needed to stop the Jim Crow in the library and cafeteria. White students took down screened booths in the lunch room. They also timidly began to talk to the colored students.

Soon the signs saying "for colored only" had little meaning in the school. The president's new orders merely confirmed what students already had accepted.

WELCOME: Mrs. Edith Sampson, Chicago attorney, appointed by President Truman as an alternate delegate to the United States delegation to the United Nations, is greeted by Senator Henry Cabot Lodge, Jr., at a meeting of the U. S. group.

HIS MEMORY WILL LIVE: A traffic circle honoring the noted Negro orator, journalist and Presidential advisor, Frederick Douglass, was dedicated by the City of New York in Harlem. Looking over the street sign following the ceremony are (left to right) Frederick S. Weaver, grandson of the famous abolitionist; Glester Hinds, Borough President Robert F. Wagner, Jr., and City Councilman Earl Brown.

"VOICE OF AMERICA": Sarah Vaughan, the songstress whose world-wide popularity stems from her off-the-beaten-track singing, makes a guest appearance on "The Voice of America," U. S. government broadcast beamed to Iron curtain countries by short wave. Bandleader Ray McKinley participated with Miss Vaughan.

Army Integration in Korea Styled a "Farce"

By ALBERT ANDERSON

WASHINGTON (ANP)—The matter of integrating Negro and white soldiers is presenting a very complex confused picture — not that in itself it is such a difficult program to put across, but because of not two, but three different opinions.

First, there are those who are willing to carry out a program of complete integration. Then there are those who are downright stubborn in the opposite direction. The third and what is even worse, those who use sneaky methods which publicly approve "integration" but privately condemn and fight against it.

Integration and "two-faced integration" are being practiced in the Korean theater of war. Integration is being practiced in at least one training center in the United States — at Fort Ord, California. Segregation is still being practiced in other centers, and the outlook with the change in defense secretaries is that the army's slowness toward integration will soon grind to a standstill.

Recently, it was announced that the 25th Infantry Division, of which the famed 24th Infantry Regiment is an integral part, had begun integrating white troops into the all-Negro unit. This move was heartily commended by both the fighting troops in Korea and the folk at home.

For the 24th, it meant that replacements sorely needed would once again return to the unit to its former formidable and top-fighting strength. The 24th, unable to get Negro replacements for its wounded and killed, is operating against overwhelming odds at less than 50 percent of its effective strength.

Not Members of Regiment
Last week, however, the division's chief of staff, Lt. Col. Edwin G. Grennell, disclosed that the white replacements assigned to the 24th were really "not members" of the unit.

He said that the white replacements were (1) assigned not for combat duty under the 24th, but merely to train a group of South Korean soldiers who also have been assigned to the regiment and (2) the replacements were all non-commissioned officers.

He claimed the assignment of the white soldiers was made at the request of Col. Arthur S. Champency, former commanding officer of the 24th, author of the recent statement that "in my estimation, Negroes do not make good combat troops."

Asked why the Negro non-coms could not be used for the training program instead, Grennell said he did not know of any reason, and then passed the buck by adding "These commanders, you know, have wide latitude."

So the 25th division's integration policy is not integration after all, though division chiefs maintain there is an intermingling going on — a sort of "segregated integration."

In sharp contrast is the situation with the combat and former all-white 24th Infantry Division. This unit, the first division in combat here, the longest in combat and boasting the best combat record, has quietly gone about the business of integrating Negro troops within its ranks. It has done so without raising any fuss or notice, and oftentimes outsiders are unaware that Negro troops are serving in integrated fashion with the division until they are seen in actual fighting roles.

It is the opinion of one division officer that "colored troops in this

now All-American division have done more for the combat efficiency of the division than Jackie Robinson did for the Dodgers.

"We have been drawing replacements since the beginning of the war without regard to race or color and there is hardly a squad (the lowest group of GI's in the army, in our division now which does not have a Negro member. This so-called racial dissension has backfired and is reaping an angry harvest on the enemy."

The all-white Second Division has also quietly undertaken a sort of integration program. While not on par with the 24th Division's action, it does have a battalion of Negroes serving in the Ninth Regimental Combat team. It is also reported that Negro troops are integrated into units of practically all other U. S. forces, including the Marine units spearheading the Inchon-Seoul action near the 38th parallel.

Marshall's Appointment Bad Sign
A final view of the integration program at the level of the national defense section surrounds the recent appointment of Gen. George C. Marshall as secretary of defense, replacing ousted Secretary John-

In Durham, N. C., J. S. Steward, president of the American Savings and Loan League and chairman of the Durham, Committee on Negro affairs, expressed publicly the fear held by many Negroes that Marshall's appointment may mean the slowing down of the integration program in the armed forces. A general slow movement of the army toward integration would be halted entirely.

Stewart said, "Marshall has shown great reluctance about utilizing Negro soldiers for anything other than housekeeping chores or allowing them to be committed to combat."

He said that Marshall belongs in the same "thought bracket" with Gen. Eisenhower and Bradley, and warned that President Truman should be alerted to forestall any likelihood of Marshall's feelings disrupting the good work and progress of the presidential fact-finding committee.

WOMAN FROM LIBERIA ENTERS COLLEGE AT EVANSVILLE

EVANSVILLE — A 21-year-old woman from Monrovia, Liberia, is among freshman students at Evansville College this semester.

Miss Frances Page Coleman of Monrovia arrived here last week and signed up for a science course leading to a degree in medical technology.

After completing her work, she plans to return to Liberia and on the staff of a U.S. Public Health hospital. There is a great need for trained medical workers in her homeland.

Miss Coleman was referred to Evansville College by the Institute of International Education, which acts as a clearing house for foreign students in America.

This is her first trip to the U.S., but she says she has been prepared by a study of American history and attendance at American movies. Her favorite stars are Bing Crosby and Dorothy Lamour.

"You see, English is the language we use in Liberia, too," she observes. "And most of our cus-

Gary Needs 1,500 Housing Units, Survey Reveals

GARY — This city needs more than three times the maximum 500 additional public housing units which have been authorized, according to a survey made by the Real Estate Research Corp., Chicago.

Kerneth A. Parmelee, executive secretary of the Gary Housing Authority, revealed this and other results of the survey at a meeting of the City Council last week. The survey was conducted during July and August at a cost of \$7,800.

Parmelee said the survey showed that 5,460 tenant families, who are eligible for admittance to a housing project, now live in sub-standard housing.

The heads of 1,400 of these families are World War II veterans, Parmelee continued. Another 1,550 families in sub-standard dwellings have GIs living with them, he said. This is true despite the fact that the city has eliminated a total of 789 slum dwellings in the past 10 years.

Meanwhile Councilman, Hobart D. Wiggler proposed that for the duration of the present "war" emergency, the three local housing projects be opened to military personnel who are obliged to live in Gary in connection with their work. Such personnel would include recruiters and reserve instructors.

Parmelee took the proposal "under advisement."

BLOOMINGTON LODGE OF ELKS TO HOLD DANCE, SAT., OCT. 7

BLOOMINGTON—Following the Indiana-Iowa football game here Sat., Oct. 7, the B. G. Pollard Lodge, No. 1242, IBPOEW Elks and Georgia Clemmons Temple, No. 950 will hold their annual dance, the annual occasion when the lodge and temple entertain guests and friends from out of town.

The proceeds from the dance will be used in financing the new building of the lodge. The building is scheduled to be open in November.

Harold E. Duerksen is exalted ruler of the lodge; Allen Johnson, secretary and Mrs. Nellie Blanche Miles is daughter ruler of the temple. The four persons are in charge of arrangements for the dance.

NEW YORK (ANP)—United Nations, United States, and world leaders, and newspapers sang out in one voice the praises of Dr. Ralph Johnson Bunche, UN trusteeship division director, for his winning of the 1950 Nobel Peace Prize.

Among those congratulating him have been:

Moshe Sharett, foreign minister of Israel, a nation suspicious of Dr. Bunche when he first entered the Palestine dispute; Dean Acheson, secretary of state, U. S. A.; Trygve Lie, secretary general of the UN; The New York Times, the Chicago Sun-Times, and thousands of other persons throughout the world.

Sharett said in part: "Dr. Bunche deserves the award for his herculean efforts to put an end to fighting in Palestine, his inexhaustible patience, resource and ingenuity in the complex armistice negotiations between Israel and her four neighbors."

"This award is a fitting tribute to a great servant of the UN and gives renewed strength to faith in its cause."

Declaring that Dr. Bunche fully deserved the honor, Lie said he was proud that a member of the UN secretariat won the award. "I can think of no individual more deserving of this distinguished award."

"Dr. Bunche's achievement in bringing about armistice agreements between Israel and the neighboring Arab states stands as one of the first and foremost contributions of the UN to the peaceful settlement of international disputes."

"He took up the arduous assignment of his distinguished predecessor, Count Folke Bernadotte, in the face of seemingly insurmountable difficulties."

"His conscientious and imaginative efforts in bringing about the armistice agreements showed most clearly that where there is a genuine will to negotiate the achievement of international peace and security is really possible."

In an editorial entitled "For Services to Mankind," the New York Times wrote:

"American Negroes have a right to be proud that one of their race, Dr. Ralph J. Bunche, who has been awarded the Nobel Prize. All Americans have a right to be proud too."

"Ralph Bunche is the sort of human being this troubled world needs at this particular time. The grandson of a slave, he came up from poverty by hard work, won his way as a teacher, field investigator and public official, and commands the respect of all who have come in contact with him or who know even a little about his accomplishments."

"Ralph Bunche is a great individual but the recognition that has come to him will speak eloquently to all the colored peoples of the world. This is democracy saying to all humanity that it values men for their personal worth and not for the extraneous circumstances of their breed or origin."

"We do not believe Winston Churchill, Prime Minister Nehru or Gen. Marshall, who were also nominated for this award, will be grudging it to Dr. Bunche."

Home Rule for D. C. Dropped By Congress

WASHINGTON (ANP)—It's "no body's business" why certain representatives recently withdrew their names from a petition to bring the home rule for Washington bill to the floor, Rep. Paul W. Shafer (R., Mich.) declared this week.

He was speaking for himself and 11 other congressmen who first signed, then dropped their names from the petition. Principal reason behind their move, it is believed, is the fear that Negroes may have too much power in running the nation's capital under home rule.

Joining Rep. Shafer in withdrawing his name were the following Republicans: Rep. Franklin H. Lichtenwalter and Rep. Iver D. Fenton, Pennsylvania; Rep. Karl Stefan, Nebraska; Rep. Charles A. Plumley, Vermont; Rep. Edward H. Reese, Kansas, and Rep. August H. Andresen, Minnesota, and the following Democrats: Rep. Charles F. Bennett and Rep. A. S. Herlong Jr., Florida; Rep. Thurmond Chalmers, North Carolina, and Rep. Henderson Latham, Georgia.

Speaking for himself, Rep. Latham said he no longer supported the bill because he felt that home rule in the District of Columbia would give Negroes, and he added, Communists, an opportunity to dominate affairs in Washington.

The petition needs 218 signatures to bring the home rule bill to the floor of the house. With the withdrawal of the above 11, it has only 194.

Rep. Bennett, sweet talking, self-styled friend of the Negro from Jacksonville, Fla., repeated Latham's viewpoint. He said he felt the people of the District should have the right to vote for President and for representation, but that he would vote against home rule.

Both major parties support home rule in their platforms, but neither appears willing to act at this session of congress. It appears that the civil rights issues and the large population of Negroes in Washington cut down their favor.

"An Award Well Earned," editorialized:

"We're glad he won the prize. We are equally glad that he is still a UN worker. He is still a young man."

"He is still capable of giving the world not only some other brilliant feat like the Palestine settlement, but day-to-day contributions to peace which, though inconspicuous by themselves, can add up to achievements of enduring help for mankind."

KOKOMO CARVERS CENTER AID RESIGNS

KOKOMO—The resignation of Mrs. Goldie Madry as girls' work director of the Carver Community Center was announced last week by the center's board of directors. Mrs. Madry has served in recreation work more than 15 years.

Named to succeed her was Mrs. Daisy McClure, who has been a teacher for 12 years at the Douglass School here. She is a graduate of Ball State Teachers College.

"YOUR VOTE COUNTS"

Strange as it may seem your vote in the November 7 election has a direct bearing on the outcome of the election on the community level. But as things go on the community level, eventually the state and national elections are decided. If you are not registered, you owe it to yourself to register and vote.

Election day is Nov. 7 and the last day for registration is Oct. 9, and if you have never voted before, or if you will be age 21 on or before Nov. 8, you should register and express some choice in the coming election.

If you live in the same precinct and voted in the 1948 election day, November 7, may apply for "absentee ballots" out of the precinct you lived in at the time of the last election, it is necessary to transfer your registration.

Persons who will be outside of their home counties on election day, November 7, may apply for "Absentee ballots" up to November 4. Sick and disabled voters may call their respective precinct committeemen, or the election board to obtain information on what course they should take.

Regular registrations and transfer of voters' registrations may be made at the Marion County Court House, on or before October 9, at Room 12 from 8:00 a. m. to 10 p. m. For any further information call MARK 4591. Again your vote is the one that counts, express some choice at the polls on election day, and if you are not registered you owe it to yourself to register and vote.

CITY FEPC MOVE SHOULD BE REVIVED

Introduction of a Fair Employment Practices ordinance in the Gary city council reminds us that it is high time to revive the fight for an FEPC law in Indianapolis.

Of course, we note that the Gary bill is sponsored by two Negro councilmen, Terry C. Gray and Benjamin F. Wilson. That can't happen here, due to the unanimously pale complexion of our council.

Nevertheless, the responsibility still rests upon the Indianapolis council to end or at least reduce the discrimination practiced against Negroes and other minority citizens. The city council is supposed to represent all the people, and to adopt legislation in their interests. And while the present council has a poor record in this respect, it is never too late to mend.

Particularly in view of the hostilities in Korea, does fair employment become a strategic moral necessity. Negro American boys, including some from Indianapolis, are fighting and dying in the bloody Korean hills. And yet here at home, "jimcrow as usual" continues to be the rule. Soldiers ordered to drive tanks into the jaws of death in Korea, are regarded as not capable of driving trolleys in Naptown. The Tan Yanks on the fighting fronts would not be permitted to make some of the supplies they fight with, if they were "back home in Indiana."

The local councilmen seem to be turning sympathetic ears to reactionary groups demanding the end of rent control and a lessening of political liberty. Will these same councilmen continue to ignore the flagrant discrimination in employment practiced by city utilities as well as private industries? Will they dare to say that Americans can be equal in death but not in life? We believe political leaders should once again take up the question of an FEPC ordinance in Indianapolis.

A DISTINGUISHED RECORD OF SERVICE

A high mark in community service for just about anybody to shoot at has been achieved by Wallace O. Lee, who resigned last week as Boy Scout commissioner of the Central Indiana Council after 36 years in the post. No other commissioner in the world Scouting movement has served that long. In addition, he has found time for activity in many other civic organizations.

In the midst of all the getting and gaining of our selfish world, Mr. Lee can take much satisfaction in the years that he has given to boys—those "fathers of the men" of tomorrow. His service has been to the most important section of our population and he has sought to help them to grow up "physically strong, mentally awake and morally straight." This newspaper has found him on numerous occasions to be free from prejudice and genuinely concerned about a better, kinder life for all. We salute Mr. Lee for his distinguished record of service.

ENEMIES OF DEMOCRACY SPAWNING IN HOT-BEDS OF HYSTERIA

Many forms of propaganda are now being circulated over our country citing or bewailing the dangers stemming out of possible overt acts of disciples of foreign "isms."

But the much vaunted and unrivaled resources of our nation will eternally prove equal to preserving and protecting our heritage from the Founding Fathers of the Republic. However, one might wisely and honestly contemplate this latter observation with misgivings when considering all the enemies of democracy now spawning in the hot-beds of hysteria.

Otherwise, wise and honest people throughout our great land are more disturbed about enemies of democracy originating within our own gates, who claim no allegiance to any political doctrine, dominant in other areas of the world.

We hold that native fascists or rabble rousers, hate-mongers and all the groups or organizations now preaching disunity or intolerance in the propagation of hysteria, represent a "Trojan horse" of our own creation.

We note with no misgivings that the Holy Writ says, "And if a kingdom be divided against itself, that kingdom cannot stand."

"And if a house be divided against itself, that house cannot stand."

"And if Satan rise up against himself, and be divided, he cannot stand, but hath an end." Mark 3:24-26.

NO SAD SONGS FROM US

Maybe we're a little late, but just to get on the record there will be no sad songs from us at the recent passing of Jan Christiaan Smuts, South African general, "statesman," empire-builder, white supremacist, etc., etc.

In fact, it turned our stomach quite a bit to see our daily contemporaries laud this venerable butcher as a crusader for world peace. How hypocritical can you get!

If there is anywhere in the world a place that exceeds the American South in brutal race-oppression, it is the Union of South Africa. Smuts living meant millions of Africans held in intolerable bondage in their native land, subjected to ruthless discrimination, "pass laws," unemployment and starvation. Smuts is dead, and we do not weep.

"ASIA WILL NEVER UNDERSTAND THIS"

Miscellaneous Musings

By T. C. JOHNSON

NEGRO BUSINESS, INDIANAPOLIS (III)

Mrs. A. C. Cox operates her GENERAL ELECTRIC and RECORD SHOP in her own business building at 2642 Northwestern Avenue. She went into business to have something to do, as she always had worked and could not bear inaction. She also was influenced by the satisfaction she gets from mingling with people.

She has been a business woman for thirteen years. Mrs. Cox carries a full line of large and small electrical appliances, specializing in ranges, fridges, radios, television sets, and records. She has some white customers.

Mrs. Cox's pleasing personality is a valuable asset in dealing with both the public and those she employs to help her. She takes the most hopeful view as regards the capacity and inclination of colored persons to be competent workers. Such an outlook is encouraging. It deserves comment because it opposes the prevailing lack of faith in their kind among American Negroes.

Mrs. Cox seeks intelligent workers, treats them with respect, and trusts them. She reasons with her employees, pointing out the advantage to them as well as to herself resulting from their doing what is right on the job. In handling workers she is guided by the Golden Rule. If a clerk is of a religious nature, she actually prays with him in the store. (Her father was a preacher. The outcome of her policy is gratifying to all concerned.)

Mrs. Mary Byrd Johnson has been with Mrs. Cox for eight years. Mrs. Cox has found Mrs. Johnson to be honest, reliable, and efficient. On several occasions the store has been left in her care for as long as two weeks. Always upon returning Mrs. Cox has found everything all right.

George W. Allen, owner and operator of ALLEN'S MARKET, 730 West North Street, like Mrs. Cox, takes a cheerful view of Negroes in business. He believes that if one really has something to offer other colored persons will support him. He argues that many "can't take it" in the matter of conducting business effectively. He feels, however, that if one knows his field and tries hard he can succeed.

Mr. Allen learned the grocery trade by twelve years' experience as assistant manager of a Standard Grocery Company store. He established his own business so as not to have to beg for mental jobs and to furnish work for others. He is convinced that there is not enough Negro business.

He has been in his present location three and a half years. His annual gross sales amount to \$35,000. He carries a full stock and has modern equipment.

ALLEN'S MARKET. A white Texan came in and made purchases while I was talking to Mr. Allen.

His native home is Lancaster, Kentucky, but he has lived here since 1922. He hopes to expand his business and give employment to more competent persons. Mr. Allen is a bachelor. He would be a good catch for a desirable woman.

CILL ALEXANDER SHARP sells fuel and ice at 308 West Vermont Street. He has been a business man for twenty-five years. Although he sells on credit, his credit losses have been small.

Mr. Sharp was born at Well Springs, Tennessee, and has lived here since 1914. His wife died in 1938. His son Elmer is in the cleaning business at 319 Indiana Avenue.

He took up business to make his own living when doctors ordered him to give up plumbing work. He is sorry, that more do not go into business instead of depending on white people for jobs.

His sales amount to about thirty dollars weekly and

ARMY JIMCROW CHARGED TO EX-SECRETARY OF DEFENSE

WASHINGTON (ANP)—One of the many charges made against Louis Johnson, while serving as Secretary of Defense, was that of advocating segregation in the army. Just one week prior to submitting his resignation to the President, the defense secretary had been urged by Rep. Jacob K. Javits (R-L, N.Y.) to eliminate the segregation practices among inductees in the army to keep pace with the progress already being made by the Navy and Air force.

The New York congressman urged full enforcement of the President's Executive Order No. 9801 of July, 1948, and Secretary Johnson's own directive of April 1949.

The congressman's letter to the defense secretary was prompted by reports that draftees from New York City who were inducted and assigned for training to Fort Dix, N.J., were promptly segregated into Negro and white units.

The secretary was again reminded of the arguments against segregation which have been summarized many times. He was told that segregation lowers the morale of soldiers and so impairs their efficiency that the results might be serious to America's world position in fighting for the forces of democracy on behalf of yellow and black people in Asia and other parts of the world. He was told that such serious affronts to their dignity as men and citizens in this country.

Mr. Johnson's directive to abolish all forms of segregation in the armed forces, received as much fanfare when it was issued last year as did the President's Executive Order a year earlier, and the secretary's failure to put these two orders into practice was a serious reflection, declared Rep. Javits.

Pointing out that the navy and air force have made marked advancement along the lines of integration, the New York representative emphatically urged Secretary Johnson to "completely, finally and decisively eliminate the practices of segregation in the army where they still persist."

"There can hardly be any question of efficiency involved as all reports indicate that Negro sol-

diers, given the same opportunity, are fully as efficient, have just as high morals and are as brave as white troops," Javits' letter concluded, calling attention to the operations of the 24th Regimental Combat team in Korea, as evidence of his contention.

When Secretary Johnson offered his resignation to the President he mentioned the fact that he had made "more enemies than friends" since he has been in that post.

Governor Scores Ga. People's Suit For Equal Schools

ATLANTA (ANP)—Gov. Herman Talmadge vehemently denounced a suit filed here last week by 200 Negro children in which they demanded the end of segregated schools in Atlanta.

Action by the youngsters and their parents "on behalf of approximately 20,000 Negro school children attending the public schools of Atlanta was filed in the local federal court.

The plaintiffs charge in their suit that the Atlanta board of education in running a jimcrow school system is violating the 14th Amendment of the Federal Constitution by denying them equal rights under the law. They are asking that segregated schools be declared unlawful by the court.

Named as defendant is the Atlanta Board of Education. Governor Talmadge declared: "With the permission of the city government and the attorney general, I will see that the city board gets all the help it needs from the state administration."

Other white officials and leaders in Georgia including the liberal Atlanta Constitution joined with Governor Talmadge in condemning the Negro action.

TO MY BAYONET
By Harry Levette for ANP

Okay old blade, here we go again;
Had to take you out again today,
From among the souvenirs, I brought home
From World War II and put away.
We ripped many a Nazi belly straight
From Dakar, into Berlin
I never dreamed, that in just five years
Another scrap would begin.

Uncle Sam called me back, so I'll shine you up
Keep you sharp, as I did before
'Cause there's many a dirty, low breed pup,
That we've got to pay full score.
They tied, shot our brave boys in the back,
But we'll jab them face to face;
We'll drive them into the pit of Hell,
And leave Korea a cleaner place.
But I still think when this job is complete,
They should send us to rip the KKK sheet.

In this world you get only what you pay for; but in the world to come, you will receive high dividends on the righteous standards and principles for which you have lived and made a fine score.

The earth being so beautiful in which to work, no man should be so sloven and ungrateful as to try to get by and shirk.

It's terribly unfair to enjoy God's pure air, walk upon His carpet green, look to the skies blue and serene, then withhold the best pro- vender and give Him the lean.

Men make of themselves wretched thieves and robbers when they appear in the sight of God as dishonest earthly jobbers.

The great price Christ paid for man's redemption should always provoke his highest adoration, and at any hour of the day, man should be willing, some worthy tribute to pay.

Christ, for and by whom the world was made, and by Him the price of man's redemption paid, makes it obligatory for every man, to accept His Gospel and follow His Plan.

No man or woman has the right to stalk about this earth and enjoy everything free, without humbly recognizing this loving Christ, and before Him bowing the knee.

Just think of the countless blessings that Christ has brought to man, and how much man owes to Him in this bountiful and luxuri-

SOME RECOGNITION OF NEGROES' DEMANDS SEEN BY WRITER

Recent months have given Negroes little to hope for in regard to their becoming a part of the warp and woof of American life. First, the shameful manner in which the civil rights proposals were treated by the Eighty-First Congress gave them little encouragement to believe in the promises of either political party.

Secondly, Negroes who have noted closely the pronoun-

James B. Forrestal and George L. P. Weaver, a member of the CIO anti-discrimination committee.

The writer points out that Negroes want a part in the early program planning "even if it means the acceptance of a man in whom they do not have much confidence." And that they want utilization of Negroes in the labor forces with more skilled labor and more upgrading.

Emergency FEPC Mentioned He also states that there is mention of an emergency FEPC to force the use of Negroes in employment.

Mr. White also records the contention of Negroes that Negro women should be more widely used based upon their creditable performance in war plants during the late war against foreign fascism.

In his concluding paragraph the writer states that there is available more skilled Negro workers than at any time in our history since Negroes have taken advantage of educational opportunities to acquire skills.

Some Encouragement Offered All in all the article offers encouragement but phrases like "is considering" and "it has been suggested" indicate that official and industrial America have not had a change of heart in regard to the citizenship and human status of the Negro but are only showing a tendency to do the expedient in the face of Negro demands posed against a nasty world situation.

Back of the suggestion is the unexpressed thought that it is well to use the Negro during the present emergency but during normal times that is a different matter and it gives credence to the claim of some Negroes who held their first decent jobs during World War Two that "Hitler is the Negroes' best friend since Jesus Christ."

It is pathetic to think that Negroes owe all their advancement to the machinations of our country's enemies though it be against the enemies' will. Is it too late to hope that America may wake up before it is too late and become the democracy that she alone believes herself to be?

Cake is fine for a snack or an occasional bit of refreshment, but not the kind of wholesome food for a strong physical development. Just so no man or woman can become morally and spiritually strong who chooses the questionable things in life and delights in doing wrong.

The inevitable result of constant transgression of God's moral, physical laws, are shame, remorse and sadness, and all not without due cause.

Our world is torn and bleeding today because of Satan's highly decorated cakes; all arranged to appeal to the glutton's appetite who fails to count the cost of such fakes.

They have layers of Hate, Prejudice and Dishonesty with hypocrisy built in as a filling, and with their exquisite exterior adornment, Satan knows there will be some killing.

What a travesty upon the sacredness of life, when men who think themselves great, will for prestige, social standing and money eat of this cake until it is too late.

They want first, everything for the eating, houses and lands and whatever they adore—their wants must be satisfied even though the cost be bloody war.

This is the fire that the little tongue kindleth when motivated by an evil heart; it can tear countries all to pieces—it can destroy the human heart.

Cake is the desire for things that we can well do without, that usually bring on moral indigestion attended with the pains of guilt.

Some would eat their cake of pleasures first and give no thought to all the blessings God giveth; but of this, Paul in his first Epistle to Timothy saith "But she that liveth in pleasure is dead while she liveth."

Religious Music Makes Stamina of People, N. Y. Pastor

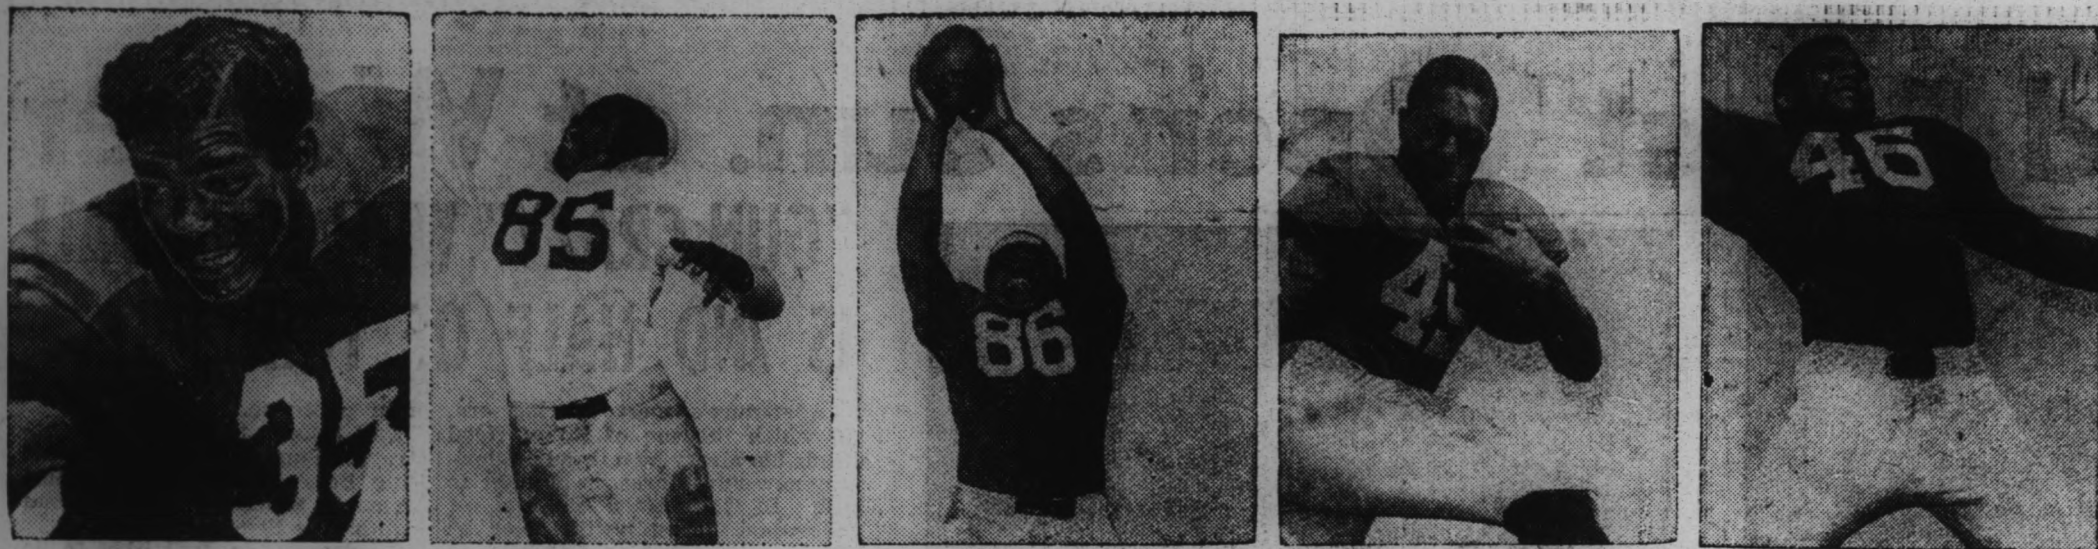

NEW YORK (ANP)—The Negro in America has gained his strength through music, Dr. Samuel H. Sweeney, pastor of St. Mark's Methodist church, told his congregation last Sunday. He said:

"It was on the auction block that Negro spirituals were born. Despite the obstacles and indignities which the Negro faced as a slave, he never stopped singing. Nearly all the Negro institutions of the South were built on the singing of Negro spirituals."

"No matter how difficult the situations we face and whatever troubles come into our life, we must not stop singing. The Bible is full of music. And it was the inspiration of music that caused the early Negro leaders to go forward."

Two Big Grid Games in South Over Week-end

NASHVILLE, Tenn. (ANP) — Two crucial football games will be played this week-end. Langston will meet Tennessee State here and Southern U. will be host to Wilberforce.

Wilberforce's surprise loss to an unexpectedly strong A & T squad Sept. 16 has taken some of the glitter off its clash with the Jaguars, but the game still rates at the top.

If Southern is to rate as a national power this year as it has done during the past four years it will have to look good against the Green Wave. A few of the kinks in the Wilberforce play should be straightened out, and the Ohio eleven should be stronger than it was against A & T. Southern still should win, but not easily.

Langston and Tennessee State that's a tough one. Both teams were leaders last year, and both expected to be tops this year. Picking a tie would be the easy way out. This would be unorthodox, so on a hunch this huddle picks Tennessee State.

In the CIAA, A & T should not have too much trouble with Virginia Union, West Virginia State should take Howard, Morgan should top Delaware State, and Virginia State should have a joyful day at the expense of Bluefield. J. C. Smith will whip St. Paul.

If Maryland State is as good as in the past two years, it will stop Grambling in a high scoring game. Hampton will have a difficult time trying to defeat Morris Brown, and St. Augustine will have a happy memory after playing Shaw.

Other huddle selections are Texas college over Sam Houston, Arkansas AM & N over Wiley, Kentucky State over Winston-Salem, Fisk over Tuskegee, Alabama State over Xavier, Alabama A & M over Fort Valley State, Knoxville over Stillman Institute, Lae over Mississippi Industrial, Morehouse over Dillard, Albany State over Jacksonville Base, Lincoln (Mo.) over Louisville Municipal, and Texas State over Tillotson.

By JAMES B. LaFOURCHE NEW ORLEANS (ANP) — If there is something you want to know about Negro baseball, ask William Dismukes, one of the all-time great pitchers.

Looking very spry, Dismukes stepped in New Orleans last week with the Kansas City Monarchs of the Negro American League. He is secretary of the club.

While discussing baseball, his favorite topic, Dismukes praises the players of the past, but says little about the present-day stars. The old-time submarine hurler favors players with his own team, the old Indianapolis ABC's and others of the past.

Jackie Robinson, Don Newcombe, Roy Campanella, Luke Easter, Henry Thompson, and Sam Jethroe and other Negro players of today would not have been too sure of landing in the majors in the 1920s, he said.

"You cannot compare players of today with players of 20 and 30 years ago," he said, "because they were not in competition at the same time."

Seated in the Grill room of the swanky Gladstone hotel, the man who pitched two no-hit games during his prime, smiled as he talked about the teams and players of yesteryear.

"Take the Yankees of today," he said, "you won't find a Gehrig or Ruth or a DiMaggio of old in the line-up, but they still win."

When asked to name a few of the great hitters of his day, he named Spotswood Pales of the old New York Lincoln Giants and Pete Hill of the Chicago American Giants, both outfielders. For his all-star team, he named:

Ben Taylor, 1b, ABC's; DeMoss, 2b, American Giants; John Henry Lloyd, ss, Chicago; "Nig" Marcel, 3b, Bacharach Giants; Pales, Hill and Oscar Charleston, ABC's, outfield.

B. Peteway, c, Chicago and as pitchers, "Smoky" Joe Williams and Dick Redding, Lincoln Giants; and Dave Brown, American Giants.

"Of course," Dismukes commented, "I could name you three more teams just as good. There were plenty of top players in the long, long ago."

Comparing Negro players to whites, he said the colored develop faster than the whites.

"Most whites taken off the sandlots must either be farmed out or sit on the bench until they learn," he concluded. "Larry Doby made the big time without being farmed out. This is a credit to Negro baseball management. Isn't bad, is it?"

One of the top sellers in the Cincinnati area of famous beers, or chronicles of quality beers, "Bavarian Beer" made at Covington, Ky. is now being distributed in the city of Indianapolis by Dick Purdy, Inc. 621 E. Market street.

Bavarian "Old Style" beer introduced in this city only a few weeks ago is high on the sales list of local beer outlets and sales have increased much faster than was expected, according to Mr. Purdy, head of the Dick Purdy, Inc. firm.

Mr. Purdy a veteran in his line of business was for ten years associated with two or more nationally famous breweries of the midwest producing the nation's best beers. He is also a past president of the Indiana Beer Distributors Association, Inc.

Bowling News

By NETTIE GEE

First I would like to express my thanks to the Recorder for our column and such good space. I have had quite a few compliments on the column from bowlers and the management of the Fun Bowl.

Someone asked me why I was able to get space in the paper, bowling is very high on the lists of the nation's sports and sports make news every place. I made an agreement to deliver by column on bowling, each week, on time. I have been simply doing that very thing.

Girls, I hear that the team that comes out on top this year will bowl the second place team for a cash prize, the amount I cannot say yet, but I will report in this column at a later date. This should give every girl the urge to bowl better.

Members of the Parker House Sausage team were the first to wear their new unique uniforms. These are royal blue with yellow letters. Very nice and I am sure the sausage business will boom now.

The Pat's Place team got a big kick out of winning two games from Taylor's Champs last week. We did not win by actual score, but as you know this is a handicap league, so if it took a handicap to win, that is what we had. I say we, because I am a member of the Pat's Place team.

The Bombsighters are still leading the league having won 6 and lost none.

King & King won 5, lost 1. Taylor's Cleaners won 3, lost 3. Ferguson Shell won 3, lost 3. Avenue Inn won 3, lost 3. Perkins' Market won 3, lost 3. Wickliff Cleaners won 1, lost 5. Patton Mortuary won 1, lost 5. Parker House Sausage lost 6.

The three high individual game bowlers were Naomi Perkins, 181; Bessie Wilkey, 171 and Alma Portert, 171. The high team averages for a single game last week, were Pat's Place 918; Bombsighters, 911 and Taylor's Champs, 871.

SOCIAL LEAGUE STANDING TUES. NIGHT

Stuart Mortuary won 8, lost 1. Sunset Cleaners won 6, lost 3. Meyer's Market won 6, lost 3. Patton Bros. won 6, lost 3. P. R. Mallory won 5, lost 4. Shaw Cleaners won 4, lost 5. Meyers Bros. won 4, lost 5. Marathon Gas won 4, lost 5. Tyler's 5 & 10 won 3, lost 6. Station "A" won 3, lost 6. Woolworth won 3, lost 6. Letter Carriers won 2, lost 7.

CLASSIC LEAGUE STANDING, FRI. NIGHT

Sea's Champs won 9, lost none. Regal Flowers won 7, lost 2. Oscar's Loan won 7, lost 2. Indpls. Recorder won 5, lost 4. Cotton Club won 4, lost 5. Nick's Keglers won 4, lost 5. Hawilar Lounge won 3, lost 6. Evelyn's Fine Foods won 3, lost 6.

McArthur Conservatory won 2, lost 7. Hines Atoms won 1, lost 8.

Attacks Tigers Scheduled To Play Shortridge Friday

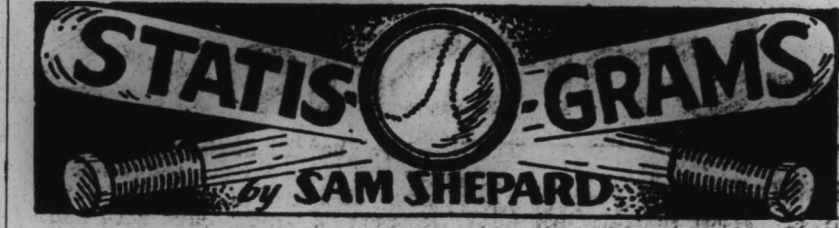

By JIM CUMMINGS

The Attacks Tigers were digging in early this week, working themselves to the bone under the drive of Coach Lon Watford getting ready for their scheduled appearance at Shortridge Friday afternoon of this week.

Eddie Stewart, the rumbling Tigers' fullback who sat the Ft. Wayne game out after scoring three touchdowns in the Tiger-Marshall opener, was practicing again. He had a slight limp but looked like he'd be okay by this week-end.

Leonard Manuel, the Tigers' monogrammed tackle who hurt his leg in practice before the season opened, looked better as the limp was practically gone.

In general the Tigers looked better in practice Wednesday than they've looked since shortly before the Manual game. They were keyed up and anxious to avenge the 32 to 6 defeat handed the 1949 Tigers by the Blue Devils.

Team About Even

And while things looked promising at the Westside plant, the Northsiders looked equally promising.

Coach George Gale, who has seen his Blue and White break even so far was putting his boys through blocking and tackling drills Tuesday when we were out that way.

With a 170 average on the line, the Blue Devils are backed with five lettermen. They are: Ward Walker, quarterback; Tom Luger, end; Ralph London, tackle; Dave Quiesser, center, and Bill Shardeow, guard.

In the matter of potential, the two teams rate about even. The Tigers' line averages about 172 and they have five returning lettermen. And like their hosts, place four of these veterans on the line, and the other at quarterback.

Harold Harvey, who played left half last year, is placed in the quarterback role this year. Other veterans are Richard Murray, tackle; Clifton Lewis, guard; Leonard Manuel, tackle, and Willis Oldham, end.

Both teams have a highly touted junior fullback. Shortridge has Jacobs who weighs 175 and Attacks has Stewart who tips the scales at about the same mark.

The Blue Devils have a sophomore left-half in Rawling Passwa-

touchdown chances by committing fouls and fumbles.

The other two points were scored on a Trojan safety in the third period.

The victors will play the Senate Avenue Merchants Sunday at Riverside.

"Rogues of Sherwood Forest" Opens Sun. at Walker

A NEW AND EXCITING romantic team hits the screen with the starring of Yvonne De Carlo and Phillip Friend in Universal-International's "Buccaneer's Girl," due to start Tuesday at the Park.

ROGUES OF SHERWOOD FOREST, under the leadership of John Derek, right, are seen above. Derek is starred with Diana Lynn in the Columbia hit at the Walker Sunday.

PEGGY CUMMINS and John Dall are co-starred as a reckless gangster pair in the thrilling "Gun Crazy," United Artists drama which comes to the Walker Sunday.

"GUN CRAZY" WITH JOHN DALL IS 2ND HALF OF TWIN BILL

Adventure's most stirring era, in which the son of Robin Hood leads his Merry Men through glorious new adventures, is brought to life in Columbia's "Rogues of Sherwood Forest," with color by Technicolor, starting Sunday at the Walker theatre. John Derek, new romantic idol, and Diana Lynn head a large cast that includes George Macready and Alan Hale.

"Rogues of Sherwood Forest," recently awarded the Parents' Magazine Medal as the "Movie-of-the Month," tells a dashing tale of flaming rebellion and devious intrigue in the dark days of King John of England.

ALSO SHOWING: John Dall is one motion picture star who hates to accumulate possessions, but finds himself stymied by one peculiar obsession. He can't bring himself to throw away a newspaper or magazine.

Dall comes to the Walker theatre on Sunday in "Gun Crazy," King Bros. United Artists crime drama in which he is co-starred with blonde Peggy Cummins.

Fundamentally, Dall likes to be footloose. "I Want to Feel that I can pack a single valise, and be on my way whenever I want to," he said recently.

GARNER AT CAFE SOCIETY NEW YORK (ANP)—Erroll Garner will headline the Cafe Society show through Oct. 11. During that time he will be heard nightly Thursdays through Sundays over WOR in New York and the Mutual Network (see local newspapers for time).

Following his Cafe Society date Garner goes to the Uline's Arena in Washington, on Oct. 21.

By OPAL L. TANDY

THESE THINGS I KNOW:

Last Saturday night about 10:30, I walked into the press room at police headquarters looking for quietness and peace. But no such luck. The buzzer rang and the big white emergency truck rolled out of its stall and toward Blake and California streets on the report that a man had been stabbed. I ignored this routine report hoping for the best or at least that the man, if he were stabbed, was not serious. But within three minutes the emergency squad Sgt. radioed back that he was sending the wounded man to General hospital in G. A. and that he could not possibly live more than five or six minutes. This stirred the press room into action and reporters for two dailies and yours truly set our sights on General hospital. I went along with deputy sheriff Jack Durham in his prowl car and arrived at the hospital with 2 minutes to spare out of the five or six and just in time to fail in an effort to question a dying man. In the emergency room a doctor was testing Leonard Barnett's pulse. Another one was working feverishly over blood transfusion instruments. Barnett had two small holes in his chest. I bent down and whispered in his ear, "Who stabbed you?" He opened his eyes for a minute — then closed them without saying a word. A minute later the doctor said, "He's dead." The ambulance had already radioed us to prepare for a transfusion," he said, "but this man was going so fast until we just could not move fast enough."

When police finally learned who had stabbed Leonard Barnett, they started searching. A story in this paper tells about the killing, but this story does not tell what I want the public to know. Charles B. Kennedy, who is called Bee Bee by his friends is 19 years old. He belongs to the recently organized group of goatee-wearing, long-coat Zoot Suitsers' society of smart new-comers. When arrested, Kennedy told Sgts. Fred Whisler and Lee Hindman, of the homicide bureau that he stabbed Barnett after Barnett pushed him when he would not give him change out of a twenty-five-cent piece. The two of them had chipped in and bought a pint of wine. During the scuffle that followed the argument, Barnett was fatally stabbed. Police found him lying in the doorway of Mom's Tavern, 334 Blake street. This 19-year-old boy, who should be somewhere in college studying a trade or profession, if not in the army, admitted readily to the police that he bought wine in a whiskey store at Mom's Tavern. Earlier he said, he had drunk two or three bottles of beer in Mom's Tavern. The state excise department and various liquor control boards which have supervision over these taverns and whiskey stores obviously are not too careful about looking into these matters. Mrs. Anna Van Stan states that she had on several occasions tried to keep Kennedy out of her place. We can hardly believe this. A nickle would have called the police. And the nickle would even have been returned. Nope, we cannot believe that Mrs. Van Stan tried hard to keep Kennedy out of her tavern. We believe that she encouraged Kennedy and other youths like him to come to her place and spend their money. And, why do we believe it? Because I went there and found girls and boys not even 19 years old in Mom's Tavern drinking and cursing less than an hour after Barnett died in General hospital. What is going to happen to a place like Mom's Tavern which runs in defiance of the laws of the state of Indiana? Over two years ago, public resentment of "Mom's" actions forced the Recorder to investigate her place. I was assigned this job and together with some active civic leaders we were able to prevent Mrs. Van Stan from opening for quite a while.

Now open again for less than a year, she has the blood of a man indirectly on her hands. She has always said I was unfair to her and that the Recorder cost her thousands of dollars in trade by closing her place. What kind of a person is Mrs. Van Stan?

Does she price a man's life lower than cheap beer inferior wine and a few dollars? If that tavern had been kept closed as we wanted it to be, Barnett would not be dead; his relatives would not be in grief, and young Kennedy would not be charged with murder. His parents would not be worrying about his future. But, of course, "Mom" would have lost the price of the bottle of wine which was fifty cents. One-half dollar for a man's life. All the money, and profit that Mrs. Van Stan could get in a month, a year or five years is not worth Barnett's life.

Kennedy was, and is at fault for Barnett's death but his co-partner in crime is Anna Van Stan, owner of Mom's Tavern. Something has to be done about that place. The civic leaders and I did it once. It looks like we will have to do it again. We will have to go to Cloyd France, head of the excise department, and the liquor boards and see what they think about it.

Republican politicians are laughing at us, Democrats I mean, they say that the Demos are not too kind toward their Negro lieutenants. Said that a certain precinct committeeman was in need of money (\$50.00) to send and get his daughter and also to buy her books. Unable to get the money, he in desperation went to a white political friend and asked him for it. "Kid, I'll let you have it but just for fun see if you can get it from some of the big boys. Ask the prosecutor, George Dailey, for it."

Half an hour later the committeeman was back, waving two one dollar bills in his hands. "All I need now is \$48.00" he said, "the prosecutor listened to my story, gave me the two and then made me promise to work hard to get him re-elected this fall." He got the \$48.00 and the man he got it from is not a candidate either. The committeeman, when asked by me, admitted it was the truth and gave permission to use his name, but we won't.

A half dozen people have wanted to know what this columnist meant when he worded that Percy (Jackie P.) Saunders had a fine electric blue suit. Remember the color of a hot electric wire when it gives off blue sparks and you have it. Those street repairmen with the hoods over their faces and using torches also make electric blue flames. . . .

If similarity means luck, Bennie Pope, the trucker, should have bet on Ezzard Charles. The frontal view of Charles in Ring magazine for October is Pope in ebony. Shot is on page 13 too. . . . Frank Goodwin, local cab-man, may become state agent for a small automobile concern out of California, within the next few months. . . . Nothing new to him. He pyramided small sales into a minor fortune during the late post-war years. Maybe he'll make a repeat performance. . . . The one thing I like about television sets is this: All the space in the cabinet is used. In radio combinations you paid a lot of money for a small bit of machinery and lots of empty cabinet space in the rear. With television all that space is filled up with something and I feel more like I am getting my money's worth.

JETHROE STEALS BASE 34TH TIME

BOSTON (ANP)—The Boston Jet, Sam Jethroe, pounded out his 17th home-run with a man on base and stole his 34th base of the season as the Boston Braves shut out the St. Louis Cardinals 5 to 0 last week.

Pitcher Warren Spahn allowed only two hits as he notched his 21st victory of the season. Jethroe settled the game in the first inning when he pounded the ball out of the park after leadoff man Roy Hartsfield had walked.
